PROFILE

Stylized 3D artist with an illustration background. I build characters, props and environments for fantasy worlds in Blender and ZBrush, with readable silhouettes, clear material separation and a strong colour story, and I can design the character myself before modelling it.

SELECTED WORK

The Horned Shopkeeper
Stylized interior

A fantasy shop built around one story moment: an ivy-covered creature behind the counter, shelving and a full prop set in one palette.

Horned Automaton
Creature

Stone-skinned demon with mechanical limbs and gold ornament, presented as a turnaround.

Bone Pistol
Hero prop

Dark-fantasy creature weapon mixing hard surface and organic forms, four clearly separated materials.

Masked Imp
Client · 2024

Character designed in 2D and translated into a 3D model in Blender, matching the sheet.

EXPERIENCE

Character artist & illustrator · freelance
2024 – 2025

Character packages for private clients: turnarounds, expression sheets, key art and 3D reference in Blender. Comic pages for a client in Canada. Illustration commissions for clients in Europe. Working from briefs and references, delivering on agreed revisions.

Zine illustration
2023, 2025

“13 KART” collection (2023); fan zine illustration, Europe (2025).

SKILLS

- Stylized organic & hard-surface modelling
- Sculpting
- Texturing & material separation
- Character design, 2D → 3D
- Composition, colour & lighting
- Turntables & presentation

TOOLS

MAIN

Blender · ZBrush · Substance 3D Painter · Photoshop

ALSO

Maya · RizomUV · Substance 3D Designer · Illustrator

LOOKING FOR

3D Character Artist / Stylized 3D Artist (junior–middle), props and environments. Full-time, contract or project work. Art test welcome.
